**In an Emergency  
Dial 911**

November 2010

Dear Neighbor,

Did you know that the Katonah-Bedford Hills Volunteer Ambulance Corps (KBHVAC) is the sole provider of emergency ambulance service for the Katonah and Bedford Hills Fire Districts? Last year we responded to well over 900 calls.

We have 75 active members - all are volunteers - dedicated to responding to the emergency medical needs of our community 24 hours a day, 365 days a year. We are part of your community, the people you see every day as you go about your daily lives.

Your past generosity is much appreciated and was instrumental in last year's renovations to our building. We now have a terrific facility for training - training for our members, as well as community training in CPR and First Aid; also, a third bay for a much needed third ambulance.

This year we ask you, the community we serve, to help us. We need to purchase a third ambulance. A new ambulance will enable us to better serve you and our growing community, by having the most up to date equipment to provide you with the service you expect.

We are an independent 501(c)(3) non-profit organization, not supported by tax dollars beyond a small discretionary grant from the Town of Bedford, which helps defray insurance costs. While we do receive some insurance and/or Medicare reimbursements, we are not affiliated with our local fire departments, nor are we a Tax District. We rely heavily on community contribution for all our operating costs and capital expenditures.

Please consider a tax deductible donation to strengthen our support to you and the community.

Your contribution may be enclosed in the envelope provided or, for your convenience our website is [www.kbhvac.org](http://www.kbhvac.org), where you will find a donation link.

Thank you. Each of us is honored to be of service to you!

Sincerely,

Lila Cummings  
President
